SUPPLEMENTAL REQUEST FOR CERTIFICATE OF CORRECTION

Attn: Decisions & Certificate of Corrections Branch

Ms. Valerie Jackson
Mr. Newman Cecelia
Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Dear Sir:

Supervisory Examiner Joseph Weitach approved applicants' request pursuant to 35 U.S.C. § 255, to correct errors by the United States Patent and Trademark Office regarding claims 6-10. (see Exhibit A). Specifically, the examiner stated:

The amendments to the claims and Table at column 13, line 30 are approved. The amendment to the claims is consistent with the claims as allowed in the 18 December 2003 Examiner's

amendment and merely corrects printer errors. (Exhibit A)
(*emphasis added*).

In addition, the communication dated January 9, 2008 from the Decisions and Certificates of Correction Branch stated that the changes to the claims and table are approved. (see Exhibit B). Specifically, the notice stated:

Respecting the alleged errors, **the amendments to the claims and table at column 13, line 30 are approved.**

A certificate of correction will be issued to correct the remaining errors noted in your request. (Exhibit B). (*emphasis added*).

However, the certificate of correction that issued on February 5, 2008 indicated only the changes to the table on Column 13 and not to claims 6-10 as approved by the examiner. (see Exhibit C).

Therefore, applicants request the Decisions and Certificates of Correction Branch to issue a Supplementary Certificate of Correction to correct the errors to the claims as pointed out in the applicants' request of March 9, 2007. A copy of the form SB44, filed on March 9, 2007, is again attached along with this paper. (see Exhibit D).

No fees are believed due at this time, however, please charge any additional deficiencies or credit any overpayments to deposit account number 12-0913 with reference to our attorney docket number (21459-90913).

Respectfully submitted,

Alice O. Martin

Note your decision on the appropriated box.

☐ **Approved**

All changes apply.

☒ **Approved in Part**Specify below which changes **do not** apply.☐ **Denied**

State the reasons for denial below.

Comments:

The amendments to the claims and Table at column 13, line 30 are approved. The amendment to the claims is consistent with the claims as allowed in the 18 December 2003 Examiner's amendment and merely corrects printer errors. The amended Table merely adds a title and lines demarcating the columns and rows.

The amendment to the sequence listing filed with the cover letter dated and mailed March 8, 2007 is NOT approved. First, the submission is unsigned. Second, the amendment alters the scope of the claims by modifying the amino acid sequence of the claimed invention such that a new examination is required.

Re: Request for Certificate of Correction

Consideration has been given your request for the issuance of a certificate of correction, for the above-identified patent under the provision of Rule 1.322 or 1.323.

Respecting the alleged errors, the amendments to the claims and table at column 13, line 30 are approved. The amendment to the claims is consistent with the claims as allowed in the 18 December 2003 Examiner's amendment and merely corrects printer errors. The amended table merely adds a title and lines demarcating the columns and rows. The amendment to the sequence listing filed with the cover letter dated and mailed March 8, 2007 is NOT approved. First, the submission is unsigned. Second, the amendment alters the scope of the claims by modifying the amino acid sequence of the claimed invention such that a new examination is required. Therefore, no correction(s) is in order here under United States Codes (U.S.C.) 254 or 255 the Code of Federal Regulation (C.F.R.) R1.322 or R1.323.

In view of the foregoing, your request in this matter is hereby denied.

A certificate of correction will be issued to correct the remaining errors noted in your request.

Further correspondence concerning this matter should be filed and directed to Decisions and Certificates of Correction Branch. Any response must be filed within a four week period.
